				Estimated Total Cost		£14,290.05	£s
				Estimated Total		3.570	AVEPPU

Please see over for terms and conditions.

Prices assume payment will be made by Direct Bank Transfer within 14 days. Should alternative arrangements be agreed or the Direct Bank Transfer is cancelled, Prices will be increased by 2%. Prices may be varied if the complete portfolio is not, or cannot, be supplied by Us for the entire Term.

This contract is based on SSE Energy Supply Ltd's understanding of the information, including consumption, given by, or on behalf of the customer for the Supply Points listed in the schedule. We reserve the right to vary this contract should any relevant information prove to be incomplete, incorrect or change. This contract relates to Prices only, consumption will be as metered. Climate Change Levy and VAT are excluded from the Prices.

Where, Total Contract Cost; Estimated Cost; Average Price; APPU or Average PPU values are shown these are purely for illustration and do not form part of the Offer or Contract Agreement. Such values will have been calculated based on the Term Consumption stated.

Where Emergency Contacts are required You undertake to provide these to Us with the specified details (via the Emergency Contact Form provided) and to inform Us immediately of any changes.

This document forms part of the Principal Terms of Contract and/or Statement of Renewal terms applying to Micro Business Contracts and/or must be read in conjunction with those statements.

This contract is subject to Our Standard Terms and Conditions ref SEGGLS TC8 (which include provisions which limit Our liability to the customer), availability of supply, satisfactory credit status and confirmation from Xoserve or the Gas Transporter of the relevant details including Nominated Annual Consumption for each Supply Point. The actual Commencement Date quoted is subject to Us having confirmed registration as Shipper of each Supply Point and therefore may not be the date indicated. Supply Points are identified in the schedule by the Meter Point Reference Number which Xoserve or the Gas Transporter uses to uniquely identify each Supply Point.

This contract is not complete until accepted by SSE Gas, and we reserve the right to withdraw the prices at any time without notice before our acceptance. Acceptance by SSE Gas is the purchase of Energy by SSE for the supply that this contract applies to. SSE Gas terms and conditions include provisions which limit SSE Gas's liability to the customer. NB: The Supply start date may not be the date proposed on this form, the actual start date will be subject to us having a confirmed registration as supplier for each supply point. By entering into this agreement the customer is entering into the standard connection agreement. Full terms and conditions are available upon request, alternatively you can log onto our business website - www.ssebusinessenergy.co.uk, to view these.

SSE - Gas Matrix Contract

The Consumption shown is based on our understanding of information held for, given by, or on behalf of the customer as summarised above.

This contract is based on SSE Energy Supply Ltd's information held for the Meter Point Reference Numbers (MPRNs) listed in this contract. SSE Energy Supply Ltd reserves the right to vary this contract should any relevant information prove incomplete, incorrect or change. The contract relates to Prices only. Consumption will be as metered, however Climate Change Levy and VAT are not included.

The Prices assume that payments will be made by direct bank transfer as stated in Our standard terms and conditions, alternative payment methods may be agreed but the Prices would be increased by 2%.

This contract is subject to Our standard terms and conditions (reference SSEESL/TCB), availability of supply and satisfactory credit status. This document comprises the Schedule and Contract Form referred to in the standard terms and conditions.

SSE Energy Supply Ltd terms and conditions include provisions which limit SSE Energy Supply Ltd liability to the customer. The actual Commencement Date for each Supply Point will be subject to Us having confirmed Registration as Supplier and may not be the Commencement Date indicated here. The MPRNs are identified in this contract and by entering into this Agreement the Customer is entering into the standard connection agreement.

Full terms and conditions are available upon request, alternatively you can log onto our business website - www.ssebusinessenergy.co.uk, to view these. The current terms and conditions version is v1.7c.

Current contracts booked in 2015, as you know, prices have climbed in the past years, so well done to us, by going for the longer term three year deal, you have saved the council significant money and administration time and hassle since 2015

Expensive Out Of Contract, OOC rates will come into effect on your renewal date if you fail to secure a contract, current OOC rates listed, these can vary and typically climb higher in the colder months. You need to avoid these at all costs.

Prices can change daily, simply answer the below so I can send you the preferred contract and you can secure rates before the move any more.

1. When can you sign and return a contract same day this week?
2. Which contract duration do you prefer? As the old saying goes, time is money, so a longer term deal will save you on that front.
3. Which supplier do you prefer? SSE three year is competitive and will enable you to save time and hassle into 2022.

Suppliers can and will pull their prices without warning, do not delay in requesting and returning contract paperwork should you wish to secure any of the above options. If you can not make your decision today, please use the above as a guideline and let me know when you can put pen to paper, I will then send valid paperwork at the correct time. I look forward to assisting with your renewal and making this process as efficient as possible for you. Rebecca

Offers subject to credit check, exclude VAT and CCL, subject to withdrawal without notice, refer to formal contract for complete details
